OB/GYN (June 1-June 5)	5	4	5	3	3				20
Services Rendered							Opie		1,678

*The creation of dentures is an intensive, time-consuming process. It is estimated that a minimum of 10 man hours is required to complete each unit. Additionally, the process traditionally is spread over a 6-8 month period. Loloma's team accomplished this in 4-5 days.
